Dear Sirs,

BANCO NACIONAL - PANAMA.

The checks of the Banco Nacional are at present being made by the firm of Barnard, of St. Louis, specimens of which I am sending you under separate cover.

When the bank places an order for checks they always give the order for 100,000 checks divided amongst the four classes they use. That is, they might place an order for 15,000 of the largest size, 25,000 for each of the medium sized checks (50,000 together) and 35,000 of the smallest size, all depending on the stocks they have on hand. But they always make up an order for 100,000 checks divided in the four styles.

We have been requested to submit prices on checks of the four styles, and made up in books similar to the specimens I am sending you. They could not give me any definite quantities on which to figure your quotations, so will you please send Mr. Ehrman your prices for each of these four styles of checks in lots of:-

15, 000
25,000 and
50,000 each.

Checks to be printed on your special safety paper and with sensitive ink.

I was shown one of the draft forms which you furnish to this bank, printed in red sensitive ink on your safety paper. An official of the bank told us that about two months ago a representative of a London firm, the name of which he could not remember, had called at the bank and in discussing checks and drafts he had said that you paper was not a safety paper nor was the ink sensitive; He got the official to put a private mark on a draft form after writing on the blank spaces of the form. He took it away with him and brought it back with the writing on it erased but without showing any change of colour to the paper or alteration on the printing. Unfortunately the person who told us this could not give us the draft which has been tested. Neither could he give us the name of the representative; all he remembered was that he used to go around with a Sr. Morales. Now Morales is the local agent for Waterlow Sons & Co., so it must have been Houghton who was pulling one of his tricks.

I only report the matter in case it should come up again in

"I am also handing you a check book of the Banco Nacional de Panama, printed on Federal Safety paper and sold by Barnard of St.Louis. It was this Bank that I mentioned to you, which had its checks made on some of our safety paper and claimed that an alteration was made by a representative of a foreign paper house, without leaving the slightest trace. Of course I do not know how it was done. I have written on one of these checks so you can make a test by removing the ink, if you want to. I think it might be a good idea to rake out something I have written in there, so that I can send it back to our agent in Panama and enable him to show it to the Bank"

ENGLISH SAFETY PAPER

I am enclosing herewith specimens of the above paper on which we have removed writing fluid in spots.

This is a very good paper and it was not easy to eradicate the writing fluid because there was no printing matter to conceal the imperfections in the paper after the ink was removed, but there would be no difficulty in making a change by writing in, where the ink was eradicated, anything desired.

Mr. F. W. GULLETT, Mgr.,
FOREIGN DEPARTMENT.

We refer to your letter of the 26th ultimo, enclosing a specimen check of the Banque de France and also the checks of the Banco Nacional Panama, printed on Federal safety paper.

Alterations have been made of your writing on the above checks and same are being returned herewith. The laboratory reports that these alterations were very readily made; that the protective qualities of these checks are very poor and are not to be compared with the protective value offered by Crane's ABNCO safety paper.

We cannot understand the claim made by the bank that an alteration was made without leaving the slightest indication.

The check printed on the Federal safety paper is practically the same as any check printed on La Monte's national safety paper.

SUBJECT BANCO NACIONAL DE PANAMA

C. P. R. AUG 17 1931

DATE August 14, 1931.

Sometime ago Mr. Blackmore wrote us about his visit to the bank with you, at which time the matter of checks for the bank was discussed. Mr. Blackmore spoke of one of our draft forms having been changed by a representative of a London firm, presumably from Waterlow & Sons.

If the document in question was the original and duplicate check form a change might have been possible, although we hesitate to say that it was entirely successful for we believe that a change in this form of check would be noticeable even to the naked eye.

While we are on the subject please note that no document is entirely alteration proof. Take, for instance, the check which the bank is now using on what is termed safety paper. We enclose herewith one of these checks on which you will note that changes have been made in three places, which would permit a rewriting without probable detection. We also enclose a sample of English paper, which is claimed to be very sensitive, on which a portion of the text has been removed and it would not be detected by the naked eye.

We claim and justly so that our special white safety paper, with a sensitive security tint, offers safeguard against contamination equal to if not greater than any other safety check known to the trade.

Mr. Blackmore stated that a request was made by the bank for prices on various quantities of checks of each of the four classes. We quite hesitate to furnish these prices as they would not be advantageous to the bank. For instance, if the bank should place an order for 100,000 checks and divide it amongst the four classes, we would make what is termed a combination run, that is,handle the four classes together and thus furnish the entire order much cheaper than if we would take a certain quantity for each class at a fixed price for each.

Because of this possible economy in handling the order in this way,would you, when the bank is to order its next supply of checks, send us the make up of the order, with the quantities for each class and we will then do our very best in giving you a price which will enable you to secure this business back again.

We will retain here,the specimens which Mr. Blackmore sent, for future reference.

It is this class of work, especially in quantity orders, that we are anxious to secure.

Yours very truly,

Dear Sir:-

We enclose herewith copy of our letter of even date to our agent in Panama referring to your letter No. 80 of April 20th.

We hope that the bank will not press Mr. Ehrman for prices on individual lots for, as we stated in our letter to him, we can save quite a bit for the bank and thereby make a better quotation if we can run the various classes at one time and with one handling, especially in the finishing operations.

We enclose a sample of the English safety paper, similar to the one sent to Panama.

As requested in your letter of January 23rd, we have addressed a communication to the Bank furnishing our quotation on its requirements for checks of large and small size. We enclose herewith copy of our letter.

We presume that there is some special reason why you wish us to send this letter direct to the bank instead of going through you. We think it would be very wise for you to follow this matter up very closely. We have, on account of being able to make a combination order of the two sizes, quoted a much lower price than they have previously paid. While the firm of Barnard may be slightly under our price, we believe, however, that there would be very little difference in their figures and we hope that our work is considered sufficiently superior to that of Barnard so that the bank will be induced to place the order with us. If you find that the price is the main consideration and that you would lose the order at our figure, you might, if you can, get an idea of what would take the order and let us have an oportunity of reconsidering the proposition. The price which we have given, however, is very reasonable and we should not make any reduction whatsoever. We appreciate, though, that competition is very keen and that this stationer has gotten established in the bank, and it will be more difficult now to supplant him than it would have been in the first place to have kept him out.

We hope that through your connections and personal friends you will be successful in getting back this business for us. We wish you every success.

20 lb. stock, white,

at a total price of - - $525.-- U. S. Gold, f.o.b. N.Y.

... 2

Banco Nacional de Panama. February 9, 1932.

In being able to handle both of these forms at one time we can effect an economy in production which we take pleasure in passing on to you.

For both forms of checks our figure is based on reproducing the text and arrangement as previously furnished. Should changes be desired, additional expense might be involved, this depending entirely upon the nature of the changes.

We observe with regret that of late your forms have been prepared by another concern. It is our hope and desire that we may be privileged to renew our business relations of long standing, to which end we pledge you our cooperation in every way. We feel that the forms which we have furnished are attractive and dignified and in keeping with your Institution and worthy of the position which you hold. It is therefore fitting that our Company, the largest and finest in the world, should be serving you.

If in any way we misunderstood your requirements and should you desire further information, we would appreciate your getting in touch with us, either direct or through our Mr. Ehrman.

Sincerely trusting that we may be favored with your valued orders and awaiting your advices, we remain,

Yours very truly,

INSTRUCTIONS TO CLAIMANTS

Any loss or damage which may happen to the property insured under this certificate shall be reported as soon as the goods are landed or the loss is known or expected, to the agent of the Insurers located at the port of discharge or disaster (see list below). If there be no such agent at or near such port, such notice shall be given to an accredited representative of the Board of Underwriters of New York. *In case of loss or damage, produce this certificate for said agent's or representative's inspection and request him to hold a survey and issue a certificate stating the cause and extent of the loss or damage.* If there be no agent of the Insurers at the port of discharge or disaster, nor a representative of the Board of Underwriters of New York, certificate of survey should be obtained from Lloyds agent at destination.

After the foregoing formalities have been complied with, the complete documents (survey report, policy, invoice, bill of lading, letter to carrier and latter's reply) should be sent to the Insurer's agents (named below) to enable them to decide as to the liability of the Insurers.

IMPORTANT NOTICE

When cargo is received from the carrier in a damaged condition, in order to save for yourselves or your underwriters, any rights which you may have against the carrier, it is necessary for you to file notice of claim in writing against the carrier before taking delivery of the goods. Claim in writing must be filed with the carrier as soon as the actual loss or damage is known. Filing claim against the carrier will not affect your rights under your insurance policy.

When sending claim papers for collection of any loss under this policy, be sure to attach thereto a copy of your letter to the carrier, also the latter's reply.

LETTER No. 48

July 20, 1932

extract from - H.L.W. - letter of above date ..... orig. filed in #216 Waterlow

A few days ago, in a conversation with Mr. Charles Albert Waite, of the firm of George D. Barnard, of St. Louis, who obtained an order from the Banco Nacional de Panama for checks some time ago, he informed me that Houghton, when talking with him, implied that his Company (Waterlow), either were shareholders or were interested financially in our Company; and that he understood Houghton was using such an insinuation whenever he thought it would suit his interests. He (Waite) said he didn't want his name mentioned as being my informant. I give you the information for what it may be worth.

Honorables Diputados:

En cumplimiento de precepto legal, me place rendiros este informe y a la vez hacer votos por que sea fecunda la labor que realicéis en el actual ejercicio.

La crisis económica mundial, que -como es natural- ha repercutido entre nosotros, ha venido motivando una baja considerable en los ingresos de gran parte de nuestros deudores, colocándolos en situación de no poder cumplir satisfactoriamente sus compromisos.

En tales circunstancias las administraciones anteriores, para poder atender al pago de amortizaciones y réditos de la deuda externa de la institución, apelaron al recurso de invertir en esos pagos otros fondos, entre ellos los provenientes de depósitos del Gobierno (Fondos Especiales), con el resultado de que al hacerse el suscrito cargo de esta Gerencia, ya se habían agotado todos los recursos y se estaba en mora en el pago de dos semestres de intereses sobre las Series "B" y "C" de los Bonos o Cédulas Hipotecarias del Banco Nacional, intereses que debieron ser cubiertos en Noviembre 1° y Octubre 1°, respectivamente. Al tomar posesión el suscrito, el 29 de Noviembre de 1932, había en Caja y depositados en los Bancos y Corresponsales, en total, la suma de B. 288,333.16 que era necesaria para el pago de los sueldos de los empleados públicos, que tenía que efectuarse el día siguiente, y para cubrir obligaciones a favor del Chase National Bank por B. 56,420.00.

Para evitar una situación difícil hubo necesidad de continuar la mora respecto de la deuda externa, pero al mismo tiempo, con miras a que los tenedores de nuestros Bonos no sufrieran un estancamiento completo, se acordó oportunamente

aceptar esos Bonos en pago de deudas, con lo que se ha conseguido retirar del mercado seguridades por un valor de B. 1,326,500.00 (hasta fines de Junio del año en curso).

Esta medida, además, ha producido un efecto saludable en la economía nacional, puesto que ha colocado a un crecido número de deudores en situación desahogada al habérseles reducido sus obligaciones a veces hasta en un cincuenta por ciento (50%).

En vista de que la Nación tenía a su crédito la cantidad de B. 371,033.68, solamente en cuentas especiales, de la cual no podía hacer uso por las circunstancias anteriormente apuntadas, de acuerdo con el señor Contralor General de la República se dispuso que el Banco recibiera en pago de sus acreencias Certificados de Crédito y Bonos de la deuda interna de la Nación, y que el importe de esos valores fuera debitado a las referidas cuentas especiales del Gobierno, llegando en tal forma a cancelarlas.

En cuadro aparte os doy el Balance de la Institución al cierre de operaciones el 30 de Junio último. De hacerse una comparación de este Balance con el presentado por mi antecesor el 30 de Junio de 1932, se registraría una diferencia, de menos, en la partida de reservas, montante a B. 159,441.96, lo que podría interpretarse como pérdida sufrida en los dos últimos años; pero ello no es así, ya que en 1932 se había elevado la reserva debido a que se mantenía una cuenta de Activo montante a B. 204,421.66 (saldo en Junio 30 de 1932) por intereses ganados no cobrados, que propiamente no era un activo por el hecho de que la mayor parte de esos intereses eran incobrables; por este motivo hubo necesidad de castigar la reserva, en Abril de 1933, en B. 213,837.32, que era la cifra a que había montado la cuenta en dicha fecha.

Con motivo de la aceptación de Bonos o Cédulas Hipotecarias del Banco Nacional en pago de obligaciones, se obtuvo una utilidad de B. 255,900.00, que unida a la ganancia hasta el 30 de Junio último, a la recepción de intereses atrasados y a los intereses dejados de pagar sobre los Bonos redimidos, arroja una entrada de B. 785,854.58 en el período. Esta suma, que debió figurar en el Balance que os presento como

Utilidades no Repartidas, no figura así porque preciso fue utilizarla para la cancelación de obligaciones incobrables. Hasta la fecha de nuestro último Balance, han sido cancelados por Pérdidas y Ganancias mil noventa y un (1091) documentos incobrables, por un total de quinientos diez y seis mil ciento diez y ocho balboas con sesenta centésimos (B. 516,118.60). Se ha cancelado asimismo el descuento inicial sobre los empréstitos externos del Banco por ciento sesenta y nueve mil noventa y siete balboas con diez centésimos (B. 169,097.10) y se ha aplicado la suma de seis mil quinientos treinta y dos balboas con treinta y cuatro centésimos (B. 6,532.34) para enmendar errores inlocalizables por motivo de su antigüedad, a fin de poder balancear los libros de la Institución.

A continuación os doy un detalle de la suma que debió pasar a Utilidades por Dividir y de la forma como esa suma ha sido empleada:

Es doloroso que la Institución haya sufrido estas pérdidas; pero más doloroso es aún el hecho de que con la cantidad sacrificada no se han limpiado todas las operaciones efectuadas con personas insolventes.

El Balance que os presento no indica fielmente la situación del Banco a mi cargo, por el hecho de que en su Activo figura suma considerable que la representan deudas que no es posible cobrar.

El suscrito estima que la cancelación de esas deudas por medio de débito a la Reserva debe demorarse, a fin de establecer si con las utilidades futuras pueden liquidarse todas o gran parte de ellas, sin necesidad de disminuír por la totalidad de tales deudas las cuentas de Reserva o de Capital.

Sin embargo, considero mi deber daros a continuación el Balance que a mi juicio muestra la situación líquida de este Banco, en Junio 30 de 1934:

Por el anterior Balance os daréis cuenta de que las cifras que hasta ahora han venido siendo publicadas son ilusorias.

En el caso de que no sea posible mi propósito de liquidar con las utilidades futuras las deudas incobrables que quedan pendientes, solicitaré de la Junta Directiva la autorización necesaria para castigar las partidas que procedan a fin de arreglar nùestra contabilidad en forma que indique con fidelidad la situación de este Banco.

CAFETALEROS DEL BOQUETE

A fines del año pasado los cafetaleros del Boquete clamaban por un auxilio que los librara de la ruina inminente de sus cosechas, carentes como se hallaban de los medios necesarios para salvarlas. Después de meditado estudio, y con la valiosa cooperación del señor Presidente de la República, el Banco Nacional resolvió acudir en ayuda de los señores cafetaleros, procurando que en esta ocasión su esfuerzo bien intencionado no le acarreara perjuicios como en las anteriores. En tal virtud se convino en hacerles anticipos a esos agricultores mediante la entrega de café que el mismo Banco se encargaría de vender en el país y en el exterior, hecho lo cual la institución se haría pago de las sumas adelantadas, más los gastos de manejo, conservación del grano etc., y el remanente se distribuiría por partes iguales entre los cafetaleros y sus acreedores.

Los benéficos efectos de este convenio no se hicieron esperar, y de no ser por el trastorno que nos ha ocasionado la suspensión de pagos decretada por el Gobierno de Alemania con respecto a las mercancías que les hemos enviado a los comerciantes de allá, el éxito hubiera resultado de lo más halagador. Esperamos que las gestiones que hace nuestro Gobierno sobre el particular den un resultado satisfactorio y que pronto podamos cobrar las sumas que por café que les hemos vendido nos adeudan los comerciantes alemanes.

Ayudas como estas que de tiempo en tiempo se les han venido acordando a los cafetaleros del Boquete, en forma liberal unas veces, en modo restringido ahora, son si se quiere extrañas a las funciones de este Banco. Si bien es cierto que

la Ley 4ª de 1927 estableció que el Banco se hiciera cargo de esta misión, carecemos de la organización necesaria para empresas de tal naturaleza y dicha ley no proveyó los fondos para realizar en forma satisfactoria los fines que ella se propuso.

Antes de terminar, deseo dejar constancia de que las medidas adoptadas, que han dado resultado provechoso, y sin las cuales la situación del Banco sería precaria, han podido llevarse a la práctica gracias a la cooperación que le han prestado al suscrito todos y cada uno de los miembros de la Junta Directiva y a la armonía que en todo tiempo ha reinado entre esta Institución y los funcionarios del Gobierno.

In case of loss or injury to any part of a machine consisting, when complete for le or use, of several parts, these assurers if liable therefor under the terms of this olicy, shall only be liable for the insured value of the part lost or damaged.

In case of damage affecting labels, capsules or wrappers, these assurers, if liable herefor under the terms of this policy, shall be liable only for an amount sufficient pay the cost of new labels, capsules or wrappers, and the cost of reconditioning the oods.

The risks covered by this policy are to include damage to or destruction of the oods hereby insured, resulting from explosion, howsoever or wheresoever occurring, rovided same is shown not to have been caused by or attributable to any of the risks xcluded by the terms of the "Free of Capture and Seizure" and the "Riots and Civil Commotions" Clauses in this policy.

Notwithstanding any average warranty contained herein, these assurers agree to pay any landing, warehousing, forwarding, or other expenses and/or particular charges for which this policy in the absence of such warranty would be liable. Also to pay the insured value of any package, piece, or unit totally lost in loading, transhipping or discharge.

Where this policy by its terms covers while on docks, wharves, or elsewhere on shore and/or during land transportation, such coverage shall include the risks of collision, derailment, or overturning of the conveyance, fire, cyclones, hurricanes, earthquakes, floods (meaning the rising of navigable waters), and/or collapse or subsidence of docks, and to pay loss or damage caused thereby, even though the insurance be otherwise F. On shipments to the River Plate, however, notwithstanding the foregoing, the risk of fire under this policy shall cease upon arrival at any shed (transit or otherwise), store, Custom house, or warehouse; or upon the expiry of 10 days subsequent to landing, whichever may first occur.

This insurance shall not be vitiated by any unintentional error in description of voyage or interest, or by deviation, or by transhipment, or by any interruption of the ordinary course of transit from causes beyond the control of any Assured hereunder. Warranted, however, that prompt notice shall be given this Company of such error, deviation, transhipment, or interruption and additional premium paid if required.

Held covered while on craft to and from the vessel. Each lighter or craft to be considered as if separately insured. The Assured not to be prejudiced by any agreement exempting lightermen from liability.

The Assured are not to be prejudiced by the presence of the negligence clause and/or latent defect clause in the Bills of Lading and/or Charter party. The seaworthiness of the vessel as between the Assured and the assurers is hereby admitted, and the wrongful act or misconduct of the shipowner or his servants causing a loss is not to defeat the recovery by an innocent assured if the loss in the absence of such wrongful act or misconduct would have been a loss recoverable under the policy.

INSTRUCTIONS TO CLAIMANTS

Any loss or damage which may happen to the property insured under this certificate shall be reported as soon as the goods are landed or the loss is known or expected to the agent of the Insurers located at the port of discharge or disaster (see list below). If there be no such agent at or near such port, such notice shall be given to an accredited representative of the Board of Underwriters of New York. *In case of loss or damage, produce this certificate for said agent's or representative's inspection and request him to hold a survey and issue a certificate stating the cause and extent of the loss or damage.* If there be no agent of the Insurers at the port of discharge or disaster, nor a representative of the Board of Underwriters of New York, certificate of survey should be obtained from Lloyds agent at destination.

Claim in writing must be filed with the carrier as soon as the actual loss or damage is known. Filing claim against the carrier will not affect your rights under your insurance policy.

When sending claim papers for collection of any loss under this policy, be sure to attach thereto a copy of your letter to the carrier, also the latter's reply.

Special Clauses

Under Deck Shipments are insured:—Against all risks of loss or damage to the merchandise insured howsoever occurring irrespective of percentage, excluding only the risks of war, riot, strikes and civil commotions, submarine or floating mines. (The risks of war and strikes and riots are covered only to the extent that they may be covered under the War, Strikes and Riots clauses endorsed hereon.)

On Deck Shipments are insured:—Free of particular average unless the vessel be stranded, sunk, burned, on fire or in collision but including the risks of jettison and washing overboard, irrespective of percentage.

To attach and cover from the moment the merchandise and/or goods leave store, warehouse or factory at initial point of shipment (whether at interior place or places or at the seaboard) and cover continuously thereafter while in the due course of transportation until safely delivered into the consignee's store, warehouse, or factory at final place of destination. This insurance covers during inland transportation and whilst awaiting shipment, transhipment, reshipment and delivery, including risk while on docks, wharves, quays or in lighters, and in Appraiser's store and/or Custom House for examination; but does not cover in any other store or warehouse; provided nevertheless, that on all shipments to River Plate Ports the fire risk under this certificate shall cease upon arrival at any shed (transit or otherwise), store, custom house, warehouse or upon the expiry of ten days subsequent to landing, whichever may first occur.

This certificate shall not be vitiated by any unintentional error in the description of voyage or interest, or by deviation, provided the same be communicated to insurers as soon as known to the Assured, and an additional premium paid, if required.

Including risks of craft to and from the vessel, each lighter, craft or conveyance to be considered as if separately insured. Also to cover any special or supplementary lighterage to take the goods to or from any warehouse. The Assured are not to be prejudiced by any agreement exempting lightermen from liability.

The liberties as per contract of affreightment, the presence of the negligence clause and/or latent defect clause in the Bills of Lading and/or Charter Party and/or Contract of Affreightment as between the Assured and the Assurer shall not prejudice this insurance.

General Average, Salvage and Special Charges, as per foreign custom, payable according to foreign statement, and/or per York-Antwerp Rules 1890 or 1924 and/or in accordance with the contract of affreightment, if and as required.

Seaworthiness of the vessel as between the Assured and Assurers is hereby admitted.

Where goods are shipped under a bill of lading containing the so-called "Both-to-Blame" Collision Clause these Assurers agree, as to all losses covered by this insurance, to indemnify the Assured for any amount (up to the amount insured) which the Assured may be legally bound to pay to the shipowners under such clause. In the event that such liability is asserted the Assured agree to notify the Assurers who shall have the right, at their own cost and expense, to defend the Assured against such claim.

WAR RISK CLAUSES (Form No. 3-A)

It is hereby agreed that this Certificate shall also include insurance against war risks upon the terms and conditions set forth in the following clauses:

1. This insurance is against the risks of capture, seizure, destruction or damage by men of war, piracy, takings at sea, arrests, restraints and detainments and other warlike operations and acts of kings, princes and peoples in prosecution of hostilities or in the application of sanctions under international agreements, whether before or after declaration of war and whether by a belligerent or otherwise, including factions engaged in civil war, revolution, rebellion or insurrection, or civil strife arising therefrom, and including the risks of aerial bombardment, floating or stationary mines and stray or derelict torpedoes; but excluding claims for delay, deterioration and/or loss of market, and warranted not to abandon (on any ground other than physical damage to ship or cargo) until after condemnation of the property insured. Also warranted not to abandon in case of blockade, and free from any claims for loss or expense in consequence of blockade or of any attempt to evade blockade; but in the event of blockade, to be at liberty to proceed to an open port and there end the voyage. Claims for loss or damage otherwise payable under the terms of these clauses shall not be subject to any conditions of average which may be contained in the Certificate.
2. Warranted free from any claim based upon loss of, or frustration of, the insured voyage or adventure caused by arrests, restraints or detainments.
3. This insurance does not cover any loss or damage caused by or resulting from any of the following causes:
   (a) Commandeering, preemption, requisition or nationalization by the government (de facto or otherwise) of the country to or from which the goods are insured.
   (b) Seizure or destruction under quarantine or customs regulations.
   (c) Capture, seizure, arrest, restraint, detainment or condemnation by the Government of the United States of America, or of any State therein.
4. This insurance shall not attach to the interest hereby insured or to any part thereof.
   (a) prior to being on board an overseas vessel (for the purpose of this clause 4 an overseas vessel shall be deemed to mean a vessel carrying the interest from one port or place to another where such voyage involves a sea passage by that vessel).
   (b) after being discharged overside from an overseas vessel at the final port of discharge,
   or
   after expiry of fifteen days counting from midnight of the day on which the overseas vessel is safely anchored or moored at the final port of discharge.
   whichever shall first occur,
   (c) at a port or place of transshipment to another overseas vessel after the expiry of fifteen days (counting from midnight of the day on which the overseas vessel entering with the interest is safely anchored or moored) until the interest is on board the oncarrying overseas vessel.

   In the event of the exercise of any liberty granted to the Shipowner or Charterer under the contract of affreightment whereby such contract is terminated at a port or place other than the destination named therein such port or place shall be deemed the final port of discharge for the purpose of this clause 4.
5. The foregoing provisions defining and limiting the period of coverage hereunder shall not be varied or modified by any "held covered" or "continuation" clause or similar clause included in or endorsed on the Certificate to which these clauses are attached.

S. R. & C. C. ENDORSEMENT (Form No. 1A)

This insurance also covers damage, theft, pilferage, breakage or destruction of the property insured directly caused by strikers, locked-out workmen, or persons taking part in labor disturbances or riots or civil commotions; but the foregoing shall not be construed to include or cover any loss, damage or expense caused by or resulting from (a) delay, deterioration or loss of market, or (b) civil war, revolution, rebellion or insurrection, or civil strife arising therefrom.

Excepting while the interest insured is on board an overseas vessel, this endorsement shall not attach or cover in China, Hong Kong, Dairen, Manchukuo, Spain or Spanish Mediterranean possessions.

INSTRUCTIONS TO CLAIMANTS

Any loss or damage which may happen to the property insured under this certificate shall be reported as soon as the goods are landed or the loss is known or expected, to the agent of the Insurers located at the port of discharge or disaster (see list below). If there be no such agent at or near such port, such notice shall be given to an accredited representative of the Board of Underwriters of New York. *In case of loss or damage, produce this certificate for said agent's or representative's inspection and request him to hold a survey and issue a certificate stating the cause and extent of the loss or damage.* If there be no agent of the Insurers at the port of discharge or disaster, nor a representative of the Board of Underwriters of New York, certificate of survey should be obtained from Lloyds agent at destination.

After the foregoing formalities have been complied with, the complete documents (survey report, policy, invoice, bill of lading, letter to carrier and latter's reply) should be sent to the Insurer's agents (named below) to enable them to decide as to the liability of the Insurers.

IMPORTANT NOTICE

When cargo is received from the carrier in a damaged condition, in order to save for yourselves or your underwriters, any rights which you may have against the carrier, it is necessary for you to file notice of claim in writing against the carrier before taking delivery of the goods. Claim in writing must be filed with the carrier as soon as the actual loss or damage is known. Filing claim against the carrier will not affect your rights under your insurance policy.

When sending claim papers for collection of any loss under this policy, be sure to attach thereto a copy of your letter to the carrier, also the latter's reply.

Yesterday I also called on Mr. Leopoldo Arosemena, in the Ministry of Foreign Relations, and on Mr. Alba, the Manager of the Banco Nac. de Panama. Both these gentlemen have been through the plant, and I had the pleasure of accompanying them when they visited it. Mr. Alba told me that they are not yet ready to make an issue of bonds, for the refunding of the National Debt, until the treaty is signed with the U. S. A. He said that he thought that the treaty would be signed some time this year.

Dear Sirs:-

In response to your favor of June 13th, No. 7635, we are pleased to advise that we can supply 15,000 O. & D. draft forms, exactly the same as those we last prepared for you at the price of - - $307.50 U.S. Currency, F.O.B. New York, which figure, you will note, is at a somewhat lower rate than prevailed for the last order, due to the saving which we are able to make at this time in the purchase of materials and which saving we are pleased to pass on to you. This quantity of 15,000 drafts could be completed and ready for shipment from here in about three weeks after receiving the order.

With your above mentioned letter we duly received the sample draft which you enclosed. This sample is one which we printed prior to the last order, at which time the form was altered by removing the signature title "cajero" to the left and by adding two stars to the coat of arms, which form we assume you will want to continue rather than the earlier one as examplified by the above mentioned sample.

Trusting you will favor us with your order and assuring you it will be given our best attention, we remain,

Dear Sirs:-

We take pleasure in acknowledging receipt of your valued favor of July 20th, No. 9025, in which you place with us your order to prepare 20,000 Original and duplicate drafts, in accordance with our proposal of June 29th.

This order has been entered at the price of $360.00 U.S. Cy., F.O.B. New York. The delivery will be made as promptly as possible, which we now expect will be in the neighborhood of three to three and a half weeks.

In your letter of June 13th in connection with this business you requested our quotation on "15,000 only draft forms". Are we to understand that we are to furnish only the exact amount of your order, which has been increased to 20,000,or may we deliver good overs up to 10% of the quantity ordered, as we have done in the past and as is customary in the trade?

With assurance that your order is very much appreciated and will be given our best attention, we remain,

Dear Sirs:-

We have for acknowledgment your letter of July 28th and regret to learn that our previous letter of July 25th has caused some misunderstanding. Your order has beenentered for the quantity of 20,000 draft forms but the point we question is whether by the use of the word "only" you mean that we must furnish exactly 20,000 forms or whether we may also ship the "good overs", as we have done on your past orders. In preparing an order of this nature it is necessary to print a quantity in excess of the number ordered so as to allow for the spoilage which always occurs in such work. After the printing is accomplished and the work is examined it frequently is found that the spoilage has not been as great as was anticipated and therefore in addition to the actual quantity on order there is usually an additional quantity of forms which are up to standard and which are referred to as "good overs". In the commercial printing trade generally it is customary to ship these good overs in an amount not exceeding 10% of the order and which overs are charged for pro rata.

We would like to continue shipping the good overs of your draft forms as we have in the past but if you prefer that we adhere to the exact quantity of your order we will be guided accordingly. Will you please advise us on this point and oblige,

Under Deck shipments are insured:

Against all risks of loss or damage to the merchandise insured howsoever occurring, irrespective of percentage excepting risks excluded by the F. C. & S. (Free of Capture & Seizure) and Strikes, Riots and Civil Commotions Warranties appearing elsewhere hereon.

Including (subject to the terms of this policy) all risks covered by this policy from the moment the goods and/or merchandise leave the store, warehouse or factory at initial point of shipment (whether in the interior or at the seaboard) while in due course of transit, until safely delivered into store, warehouse or factory at final destination, except on shipments to the River Plate.

On shipments to the River Plate the risk of fire under this policy shall cease upon arrival at any shed (transit or otherwise), Store, Custom House, or Warehouse, or upon the expiry of ten (10) days subsequent to landing, whichever may first occur.

Including risks of craft to and from the vessel; each lighter, craft or conveyance to be considered as if separately insured. Also to cover any special or supplementary lighterage at an additional premium if required. The assured is not to be prejudiced by any agreement exempting lightermen from liability.

The assured are not to be prejudiced by the presence of the negligence clause and/or latent defect clause in the bills of lading and/or charter party. The seaworthiness of the vessel and/or craft as between the assured and assurers is hereby admitted, and the assurers agree that in the event unseaworthiness or a wrongful act or misconduct of shipowner, charterer, their agents or servants, shall directly or indirectly, cause loss or damage to the cargo insured by sinking, stranding, fire, explosion, contact with seawater, or by any other cause of the nature of any of the risks assumed in the policy, the assurers will (subject to the terms of average and other conditions of the policy) pay to an innocent assured the resulting loss. With leave to sail with or without pilots, and to tow and assist vessels or craft in all situations and to be towed.

General Average, Salvage, and Special Charges, as per foreign custom, payable according to foreign statement, and/or per York-Antwerp Rules 1890 or 1924 and/or in accordance with the contract of affreightment, if and as required.

Provided prompt notice be given the Assurers when such facts are known to the Assured and additional premium be paid if required, it is understood and agreed that in case of short shipment in whole or in part by the vessel reported for insurance hereunder, or if the goods be transhipped by another vessel or vessels, or be carried beyond or discharged short of destination, or in the event of deviation, or change of voyage, or any interruption or other variation of the voyage or risk beyond the control of the Assured, this insurance shall nevertheless cover the goods until arrival at the final destination named in the declaration or certificate of insurance or until the subject matter insured is no longer at the risk of the Assured, whichever may first occur. No additional risks (whether of delay or of any other description) are insured under this clause, which is intended merely to continue the insurance in force against the same risks named elsewhere in this policy; and if the risks of War, Strikes, Riots or Civil Commotions, or any of these risks, are insured against, the insurance against such risks shall not be extended by this clause to cover contrary to any express provision of such insurance.

Where goods are shipped under a bill of lading containing the so-called "Both to Blame Collision" Clause these assurers agree, as to all losses covered by this insurance, to indemnify the assured for any amount (up to the amount insured) which the assured may be legally bound to pay to the shipowners under such clause. In the event that such liability is asserted the assured agree to notify the assurers who shall have the right at their own cost and expense, to defend the assured against such claim.

Where the words "including War Risk" are typed in the space below at the time the Certificate is issued, the War Risk Clauses on the back of the Certificate shall attach.

Including War Risk

War Risk Only:- Warranted overseas vessel sails from port of loading on or before SEP 13 1939 or held covered, subject to the terms of the War Risk Open Policy if said policy is in force at the time of loading on board overseas vessel.

WAR RISK INSURANCE (Form No. 3-B)

In consideration of premium as agreed to be paid, the shipment described in this Certificate to which the following Clauses are incorporated is hereby separately insured against war risks subject to the terms and conditions hereinafter set forth.

1. This insurance is only against the risks of capture, seizure, destruction or damage by men of war, piracy, takings at sea, arrests, restraints and detainments and other warlike operations and acts of kings, princes and peoples in prosecution of hostilities or in the application of sanctions under international agreements, whether before or after declaration of war and whether by a belligerent or otherwise, including factions engaged in civil war, revolution, rebellion or insurrection, or civil strife arising therefrom, and including the risks of aerial bombardment, floating or stationary mines and stray or derelict torpedoes; but excluding claims for delay, deterioration and/or loss of market, and warranted not to abandon (on any ground other than physical damage to ship or cargo) until after condemnation of the property insured. Also warranted not to abandon in case of blockade, and free from any claims for loss or expense in consequence of blockade or of any attempt to evade blockade; but in the event of blockade, to be at liberty to proceed to an open port and there end the voyage.
2. Warranted free from any claim based upon loss of, or frustration of, the insured voyage or adventure caused by or resulting from any of the following causes:
   (a) Commandeering, prempition, requisition or nationalization by the government (de facto or otherwise) of the country to or from which the goods are insured.
   (b) Seizure or destruction under quarantine or customs regulations.
   (c) Capture, seizure, arrest, restraint, detainment or condemnation by the Government of the United States of America, or of any State therein.
3. This insurance shall not attach to the interest hereby insured or to any part thereof as an overseas Vessel shall be deemed to mean a Vessel carrying the interest from one port or place
   (a) prior to being on board an overseas Vessel (for the purpose of this clause 4 an overseas Vessel shall be deemed to mean a Vessel carrying the interest from one port or place to another where such voyage involves a sea passage by that Vessel);
   (b) after being discharged overside from an overseas Vessel at the final port of discharge,
   or
   after expiry of fifteen days counting from midnight of the day on which the overseas Vessel is safely anchored or moored at the final port of discharge,
   whichever shall first occur.
   (c) at a port or place of transhipment to another overseas Vessel after the expiry of fifteen days (counting from midnight of the day on which the overseas Vessel entering with the interest is on board an overseas Vessel) until the interest is on board the onecarrying overseas Vessel.
   In the event of the exercise of any liberty granted to the Shipowner or Charterer under the contract of affreightment whereby such contract is terminated at a port or place other than the destination named therein such port or place shall be deemed the final port of discharge for the purpose of this clause 4.
5. Subject to the terms of Clause 4 above and to any conditions or warranties which may be endorsed hereon, it is agreed that this insurance shall not be vitiated by deviation, overcarriage, change of voyage, or by any error or unintentional omission in the description of Interest, Vessel or voyage, provided the same be communicated to this Company as soon as known to the Assured and an additional premium paid if required.
6. And in case of any loss or misfortune, it shall be lawful and necessary to and for the Assured, his or their factors, servants and assigns, to sue, labor and travel for, in and about the defense, safeguard and recovery of the said goods and merchandises, or any part thereof, without prejudice to this insurance; nor shall the acts of the Assured or Assurers, in recovering, saving and preserving the property insured, in case of disaster, be considered a waiver or an acceptance of an abandonment; and to the charges whereof, the said Assurers will contribute according to the rate and quantity of the sum hereby insured.
7. General Average and salvage charges (resulting from a peril hereby insured against) payable according to Foreign Statement or York-Antwerp Rules if in accordance with the contract of affreightment.
8. The assured and gave hereunder, the description and valuation of the merchandise, the sum insured, the voyage and the ports of loading on and discharge from the overseas vessel, shall be determined by reference to this Certificate and shall be deemed incorporated herein; and losses payable hereunder shall be adjusted and settled in the same manner as provided for in the said Certificate, however, if this insurance is a separate contract and (excepting as expressly provided in this clause 8) is not subject to any terms or conditions contained in or endorsed on the Certificate to which it is incorporated.

INSTRUCTIONS TO CLAIMANTS

Any loss or damage which may happen to the property insured under this certificate shall be reported as soon as the goods are landed or the loss is known or expected, to the agent of the Insurers located at the port of discharge or disaster (see list below). If there be no such agent at or near such port, such notice shall be given to an accredited representative of the Board of Underwriters of New York. *In case of loss or damage, produce this certificate for said agent's or representative's inspection and request him to hold a survey and issue a certificate stating the cause and extent of the loss or damage.* If there be no agent of the Insurers at the port of discharge or disaster, nor a representative of the Board of Underwriters of New York, certificate of survey should be obtained from Lloyds agent at destination.

After the foregoing formalities have been complied with, the complete documents (survey report, policy, invoice, bill of lading, letter to carrier and latter's reply) should be sent to the Insurer's agents (named below) to enable them to decide as to the liability of the Insurers.

IMPORTANT NOTICE

When cargo is received from the carrier in a damaged condition, in order to save for yourselves or your underwriters, any rights which you may have against the carrier, it is necessary for you to file notice of claim in writing against the carrier before taking delivery of the goods. Claim in writing must be filed with the carrier as soon as the actual loss or damage is known. Filing claim against the carrier will not affect your rights under your insurance policy.

When sending claim papers for collection of any loss under this policy, be sure to attach thereto a copy of your letter to the carrier, also the latter's reply.

Dear Sirs:-

We are in receipt of your favor of July 22nd, No. 8452, and take pleasure in giving you herewith our quotation for furnishing a further supply of Original and Duplicate drafts in accordance with your request.

For 20,000 sets of these drafts, exactly the same as we last supplied, as per the specimen enclosed with your letter, our price is $360.00.

As you are doubtless aware a large proportion of the cost of preparing documents of this nature is occasioned by the paper on which they are printed. In the past your drafts have been printed on our Safety paper, the basic stock of which is of exceedingly fine quality. Recently we have developed another safety paper which is equal to the above mentioned in its safety feature but is less expensive by reason of its being not quite so fine as regards wearing quality. However, as your drafts undoubtedly do not receive a great deal of handling we believe this new paper, which is called Duo Safe Check will be found quite satisfactory for your requirements and we are making an alternative quotation on the basis of our using this paper, thinking that the saving which will result will be of interest to you. Using this stock, which would in no way alter the appearance of your drafts, which would otherwise be exactly the same as those previously furnished, our price would be $280.00.

Banco Nacional. August 2nd, 1940.

So that you may see what our Duo Safe Check paper is like we are enclosing herewith a specimen cashier's check of The National City Bank of New York, L52966, which is printed on this paper. Please return this specimen to us when it has served your purpose.

The figures we have given you above are in U.S. Currency, F.O.B. New York as in the past.

Trusting we may soon receive your instructions to proceed with the preparation of these drafts, the execution of which you may be sure will have our fullest attention, we remain,

Yours very truly,

Manager Foreign Department.

This insurance also covers damage, theft, pilferage, breakage or destruction of the property insured directly caused by strikers, locked-out workmen, or persons taking part in labor disturbances or riots or civil commotions and destruction of or damage to the property directly caused by persons acting maliciously; but the foregoing shall not be construed to include or cover any loss, damage, or expense caused by or resulting from (a) delay, deterioration or loss of market, or (b) hostilities, warlike operations, civil war, revolution, rebellion or insurrection, or civil strife arising therefrom.

While the property insured is at risk under the terms and conditions of this insurance within the limits of the Continental United States, this insurance is extended to cover damage, theft, pilferage, breakage or destruction of the property insured directly caused by "Vandalism," "Sabotage" and "Malicious Mischief," and as so extended shall include such losses directly caused by acts committed by an agent of any government, party or faction engaged in war, hostilities or other warlike operations, provided such agent is acting secretly and not in connection with any operation of military or naval armed forces in the country where the described property is situated. Nothing in the foregoing shall be construed to include or cover any loss, damage or expense caused by or resulting from (a) delay, deterioration or loss of market; or (b) hostilities, warlike operations, civil war, revolution, rebellion or insurrection, or civil strife arising therefrom, excepting only the acts of certain agents expressly covered above.

WAR RISK INSURANCE (Form No. 3-H) AMENDED

In consideration of premium as agreed to be paid, the shipment described in the Certificate or Special Policy to which the following Clauses are attached is hereby separately insured against war risks subject to the terms and conditions hereinafter set forth.

1. This insurance is only against the risks of capture, seizure, destruction or damage by men of war, piracy, takings at sea, arrests, restraints and detainments and other warlike operations and acts of kings, princes and peoples in prosecution of hostilities or in the application of sanctions under international agreements, whether before or after declaration of war and whether by a belligerent or otherwise, including factions engaged in civil war, revolution, rebellion or insurrection, or civil strife arising therefrom, and including the risks of aerial bombardment, floating or stationary mines and stray or derelict torpedoes; but excluding claims for delay, deterioration and/or loss of market, and warranted not to abandon (on any ground other than physical damage to ship or cargo) until after condemnation of the property insured. Also warranted not to abandon in case of blockade, and free from any claims for loss or expense in consequence of blockade or of any attempt to evade blockade; but in the event of blockade, to be at liberty to proceed to an open port and there end the voyage.
2. Warranted free from any claim based upon loss of, or frustration of, the insured voyage or adventure caused by arrests, restraints or detainments.
3. This insurance does not cover any loss or damage caused by or resulting from any of the following causes:
   (a) Commandeering, preemption, requisition or nationalization by the government (de facto or otherwise) of the country to or from which the goods are insured.
   (b) Seizure or destruction under quarantine or customs regulations.
   (c) Capture, seizure, arrest, restraint, detainment or condemnation by the Government of the United States of America, or of any State therein.
4. This insurance shall not attach to the interest hereby insured or to any part thereof
   (a) prior to being on board an overseas Vessel (for the purpose of this clause 4 an overseas Vessel shall be deemed to mean a Vessel carrying the interest from one port or place to another where such voyage involves a sea passage by that Vessel),
   (b) after being discharged overside from an overseas Vessel at the final port of discharge,
   or
   after expiry of fifteen days counting from midnght of the day on which the overseas Vessel is safely anchored or moored at the final port of discharge,
   whichever shall first occur.
   (c) at a port or place of transhipment to another overseas Vessel after the expiry of fifteen days (counting from midnight of the day on which the overseas Vessel entering with the interest is safely anchored or moored) until the interest is on board the oncarrying overseas Vessel.
   In the event of the exercise of any liberty granted to the Shipowner or Charterer under the contract of affreightment whereby such contract is terminated at a port or place other than the destination named therein such port or place shall be deemed the final port of discharge for the purpose of this clause 4.
5. Subject to the terms of Clause 4 above and to any conditions or warranties which may be endorsed hereon, it is agreed that this insurance shall not be vitiated by deviation, over-carriage, change of voyage, or by any error or unintentional omission in the description of interest, Vessel or voyage, provided the same be communicated to this Company as soon as known to the Assured and an additional premium paid if required.
6. And in case of any loss or misfortune, it shall be lawful and necessary to and for the Assured, his or their factors, servants and assigns, to sue, labor and travel for, in and about the defense, safeguard and recovery of the said goods and merchandises, or any part thereof, without prejudice to this insurance; nor shall the acts of the Assured or Assurers, in recovering, saving and preserving the property insured, in case of disaster, be considered a waiver or an acceptance of an abandonment; and to the charges whereof, the said Assurers will contribute according to the rate and quantity of the sum hereby insured.
7. General Average and salvage charges (resulting from a peril hereby insured against) payable according to Foreign Statement or York-Antwerp Rules if in accordance with the contract of affreightment.
8. The Assured and payee hereunder, the description and valuation of the merchandise, the sum insured, the voyage and the ports of loading on and discharge from the overseas Vessel, shall be determined by reference to the attached Certificate or Special Policy and shall be deemed incorporated herein; and losses payable hereunder shall be adjusted and settled in the same manner as provided for in the said Certificate or Special Policy. It is agreed, however, that this war risk insurance is a separate contract and (excepting as expressly provided in this clause 8) is not subject to any terms or conditions contained in or endorsed on the Certificate or Special Policy to which it is attached.
9. **Notwithstanding anything to the contrary contained herein, it is understood and agreed that all shipments which are shipped to or from or transshipped at any port or place outside of the United States, its incorporated territories and its possessions in the Western Hemisphere, are warranted free of claims arising from Capture, Seizure, Arrest, Restraint, Detainment, Requisition, Nationalization or Condemnation by or under the authority of the government of Great Britain or any of its dominions, colonies, possessions or allies, or by any forces acting in co-operation with or under the control of them or any of them; but unless the insured property is condemned this warranty shall not exclude losses otherwise covered by this policy which occur while the property insured is on board the overseas vessel and which are caused by gunfire, torpedoes, bombs, mines or other implements of war, or by stranding, sinking, burning or collision, provided such losses would not be covered by a marine insurance policy warranted free of claims arising from Capture, Seizure or Detention.**
10. **Notwithstanding anything to the contrary contained herein, it is understood and agreed that all shipments to and from Petsamo and all shipments to, from and via the Mediterranean are warranted free of claims arising from Capture, Seizure, Arrest, Restraint, Detainment, Requisition, Nationalization or Condemnation; but unless the insured property is condemned this Warranty shall not exclude losses otherwise covered by this Certificate or Special Policy which occur while the property insured is on board the overseas vessel and which are caused by gunfire, torpedoes, bombs, mines or other implements of War, or by stranding, sinking, burning or collision, provided such losses would not be covered by a Marine Insurance policy warranted free of claims arising from Capture, Seizure or Detention.**
11. **All shipments to Burma, India, Straits Settlements, Thailand, China, Indo China and Asiatic Russia (U.S.S.R.) are subject to the following Warranty:—**
    Warranted by all Assureds under this insurance that to the best of their knowledge and belief, the goods insured are not consigned to or intended for the Chinese Government or Army and further warranted by each of such Assured that he will not be a party to any arrangement for sale or delivery to the said Government or Army. The term "Assured" as used in the foregoing Warranty shall include all persons claiming under this Certificate or Special Policy, but no information received by any Assured after the goods have been shipped and insured hereunder, and after he has acquired his title to or interest therein shall be set up against such Assured as a breach of the above Warranty.
12. **Shipments to or from ports or places in Germany, Italy or any of its possessions, France or any of its Mediterranean possessions or French Morocco, Danzig, Poland, Denmark, Norway, Holland or Belgium, and all shipments by German, Italian or French flag vessels are excluded from any coverage whatsoever under this Certificate or Special Policy, but goods transhipped to a French Flag vessel are held covered provided information thereof be communicated to this Company as soon as known to the Assured and an additional premium paid if required.**

   (b) after being discharged overside from an overseas Vessel at the final port of discharge,
   or
   after expiry of fifteen days counting from midnight of the day on which the overseas Vessel is safely anchored or moored at the final port of discharge,
   whichever shall first occur,
   (c) although transhipment to another overseas Vessel after the expiry of fifteen days (counting from midnight of the day on which the overseas Vessel entering with the interest is safely anchored or moored) until the interest is on board the onearying overseas Vessel.
   In the event of the exercise of any liberty granted to the Shipowner or Charterer under the contract of affreightment whereby such contract is terminated at a port or place other than the destination named therein such port or place shall be deemed the final port of discharge for the purpose of this clause 4.
5. Subject to the terms of Clause 4 above and to any conditions or warranties which may be endorsed hereon, it is agreed that this insurance shall not be vitiated by deviation, overcarriage, change of voyage, or by any error or unintentional omission in the description of interest, Vessel or voyage, provided the same be communicated to this Company as soon as known to the Assured and an additional premium paid if required.
6. And in case of any loss or misfortune, it shall be lawful and necessary for and for the Assured, his or their factors, servants and assigns, to sue, labor and travel for, in and about the defense, safeguard and recovery of the said goods and merchandises, or any part thereof, without prejudice to this insurance, but shall be the acts of the Assured or Assurers, in recovering, saving and preserving the property insured, in case of disaster, be considered a waiver or an acceptance of an abandonment; and to the charges whereof, the said Assurers will contribute according to the rate and quantity of the sum hereby insured.
7. General Average and salvage charges (resulting from a peril hereby insured against) payable according to Foreign Statement or York-Antwerp Rules if in accordance with the contract of affreightment.
8. The Assured and payee hereunder, the description and valuation of the merchandise, the sum insured, the vessel and the ports of loading and discharge from the overseas Vessel, shall be determined by reference to the insurance against marine risks as set forth in this said insurance against marine risks. It is agreed, however, that this war risks insurance is a separate contract which (excepting as expressly provided in clause 9) is not subject to any of the other printed terms or conditions of this Certificate or Special Policy or to any clause or provision contained herein unless the same refers specifically to war risk insurance.
9. Notwithstanding anything to the contrary contained herein, it is understood and agreed that all shipments which are shipped to or from or transshipped at any port or place outside of the United States, its incorporated territories and its possessions in the territory of the government of Great Britain, France or any of their dominions, colonies, Restraint, Detainment, Requisition, Nationalization or Condemnation by or warranty shall not exclude losses otherwise covered by this policy which occur while the property insured is on board the overseas vessel on which it is caused by gunfire, torpedoes, bombs, mines or other implements of war, or by stranding, sinking, burning or collision, provided such losses would not be covered by a marine insurance policy warranted free of claims arising from Capture, Seizure or Detention.

INSTRUCTIONS TO CLAIMANTS

Any loss or damage which may happen to the property insured under this certificate shall be reported as soon as the goods are landed or the loss is known or expected, to the agent of the Insurers located at the port of discharge or disaster (see list below). If there be no such agent at or near such port, such notice shall be given to an accredited representative of the Board of Underwriters of New York. *In case of loss or damage, produce this certificate for said agent's or representative's inspection and request him to hold a survey and issue a certificate stating the cause and extent of the loss or damage.* If there be no agent of the Insurers at the port of discharge or disaster, nor a representative of the Board of Underwriters of New York, certificate of survey should be obtained from Lloyds agent at destination.

After the foregoing formalities have been complied with, the complete documents (survey report, policy, invoice, bill of lading, letter to carrier and latter's reply) should be sent to the Insurer's agents (named below) to enable them to decide as to the liability of the Insurers.

IMPORTANT NOTICE

When cargo is received from the carrier in a damaged condition, in order to save for yourselves or your underwriters, any rights which you may have against the carrier, it is necessary for you to file notice of claim in writing against the carrier before taking delivery of the goods. Claim in writing must be filed with the carrier as soon as the actual loss or damage is known. Filing claim against the carrier will not affect your rights under your insurance policy.

When sending claim papers for collection of any loss under this policy, be sure to attach thereto a copy of your letter to the carrier, also the latter's reply.
